Region VII will hold its 2010 Best Tasting Drinking Water Contest on Thursday, March 25, 2010 at Jungle Island. For our speaker this year, we have the honor of presenting Ralph Terrero, P.E., Assistant Director for Water from the Miami-Dade Water and Sewer Department. Mr. Terrero will discuss Miami Dade's first membrane water treatment plant and provide a status of the South Miami Heights Water Treatment Plant Program.

The winner of the contest will go on to represent the region at the State level during the Florida Section's Tenth Annual Drinking Water Day in Tallahassee on April 8th 2010. During Drinking Water Day, samples of the best tasting tap water from each of our twelve regions will be put to the test by a panel of judges made up of legislators and drinking water regulators. One Florida utility will come away with the trophy and bragging rights for a year.

The primary purpose of the test is to raise awareness of water issues. Please join us as we select our best in Region VII.

invited contestants

1. Florida City Water and Sewer
2. Florida Keys Aqueduct Authority
3. City of Homestead Public Works and Services Department
4. Miami-Dade Water and Sewer Department
5. City of North Miami Beach Public Services Department
6. City of North Miami Public Works

the judges

The samples will be judged by a three person panel (to be announced) representing the media.
